I own 50% of the business and may be there personally providing the services sometimes but mainly it would probably be another healthcare provider that's on my staff

Just making sure that I did not miss anything, but I do not recall receiving an amended request. If you could, please provide the requested information by Friday, April 22, 2022, to ensure its inclusion on the May 6, 2022 agenda.

Subject: RE: Request for Advisory Opinion

Let me apologize for not following up on this matter for our April agenda. I have spoken with Rep. Miller about this and assured him it will be on the May agenda. However, I need some additional information because the Board of Ethics does not render advisory opinion for hypothetical situations. Please amend the request to include reason for the advisory opinion (ie: The HBPA would like to enter into a contract with Rep. Dustin Miller to provide ??? services), who would be the parties to the contract, the nature of the services to be provided, to whom the services would be provided, etc. If you have a sample contract, that would be helpful.

Also, we discussed the prohibition of elected officials engaging in business with a certain licensee and the possibility of inclusion in Rep. Miller's contract that he would not provide such services for the licensee of the Pari-Mutuel Live Racing Facility Economic Redevelopment and Gaming Control Act (R.S. 27:373), Riverboat Gaming Law (R.S. 27:96), or Landbased Casino Act (R.S. 27:261). If this exclusion will be included in the contract, please advise of such.

If you have any questions about this request, please let me know.
